

PIRELLI TIRE SERVICE IDM SEASON 2021

NEW PROCEDURES, TECHNICAL DETAILS AND HYGIENE REGULATIONS

The new season is in the starting blocks and we would like to give you some information about the tire service in advance.

As you have probably already noticed, Pirelli will supply 3 Cup classes in addition to the 3 IDM official classes from this season. Due to the expected assembly volume, we have optimized the service processes in order to increase assembly capacity and thus avoid long waiting times.

As already practiced for many years, we would like to ask you for the following support:

- Please remove all loose parts such as sprockets, shock absorbers and sleeves.
- Please remove the valve and remove all balancing weights.
- In order to avoid confusion, we recommend labeling the rim with the respective start number or the rider's name.
- Please clean your rims. This is the only way to ensure proper tire balancing.
- If you want to take the old (already mounted) tire back, please write your name and a capital "Z" (back) or "Back" on the tread. Otherwise the tires will be disposed of by the race service.

As in the past, there will no longer be any rider-specific tire lists. If you still want to use the tire list, you can download it from the IDM homepage (<https://idm.de/dokumente/>) in the "Participant Info" section.

IMPORTANT CHANGES TO THE 2021 SEASON

The tire issues (or tire orders) on site will no longer be recorded by the team of Motor Presse Stuttgart (IDM), but individually by the respective team / driver at the tire service. How the process works in detail, and how the form provided for this must be filled out, you can see on the next page.

PROCEDURE TIRE ISSUE - TIRE FORM

The form shown below will be provided to all teams and riders at the Pirelli tire service. You will find the forms in the boxes on the bar tables in the black Pirelli tent directly in front of the tire service.

FILL OUT FORM:

Step 1:
Fill in your start number

Step 2:
Enter the quantity of tires required per compound in the corresponding & enter your class

Step 3:
Sign, insert name in block letters and add date

With the completed form and your rims, you then go directly to the mounting service, where the tires are mounted according to your choice of compound. For information and better tracking, all forms are equipped with a carbon copy sheet, which serves as a delivery bill for the teams and riders.

All tires must be equipped with an IDM vulcanette.

Please note: It is the responsibility of the rider / team to ensure that the tire is fitted with an IDM vulcanette. So please always check when picking up the tires that the IDM vulcanette is attached to the tire.

If we are allowed to enter the paddock in time, we will be available for you on the day of arrival from about 2 pm for tire fitting. On the following days we will be there for you approx. 1.5 hours before the first time slot and 1 hour after the last time slot. The exact mounting times will also be posted at the race service.

HYGIENE REGULATIONS

The familiar Corona hygiene regulations continue to apply this season:

- Avoid gathering people
- Use a protective mouth and nose mask in Pirelli service area
- Observe cough and sneeze labels
- Disinfect your hands before entering the service area
- Only one person allowed per team
- Keep a distance of >1.5m
- Form submission only contactless via the tire trolley
- Only use your own ballpoint pen

One last note from our side: It has shown itself over and over again that the number of fittings on Thursday and Friday is relatively high. The assembly numbers decrease significantly on Saturday and Sunday. In order to keep the racing service busy, we would like to ask you to have the tires fitted as required. By this, we don't mean having the tires pre-assembled for the free and time practice sessions on Thursday, but only for the practice sessions on Friday. That would relieve us and shorten your waiting times accordingly.

Contact person on site:

- Björn Lohmann, +49-172-9645256, bjoern.lohmann@pirelli.com
- Benedikt Zacher, +49-172-6698230, benediktjulian.zacher@pirelli.com

Thank you very much for your support!

We look forward to a successful and exciting IDM season 2021 with you.

Your PIRELLI Team
